TIGER LASHES BACK AT HIS CRITICS

Clemenceau Dares Hitchcock to Learn Truth In France

Ex-Premier Says Colored Soldiers Have Been Removed From Occupied Germany—Hitchcock Is Misled by Germans.

(Associated Press Leased Wire.)
BOSTON, Mass., Nov. 24.—The Tiger lashed back at his Senate critics today in his first American interview granted the Associated Press, replying to the criticism of Senators Hitchcock and Borah.

Answering Senator Hitchcock's request that he explain why France used black troops in her army of occupation, the Tiger declared that Hitchcock had been misled by German propaganda and that today not a single black soldier is on German territory.

"Senator Hitchcock calls me a militarist," Clemenceau said. "Well, I am glad to tell Mr. Hitchcock he is in the wrong only for a few more days. When he is free I dare him to go to France and learn the facts."

To Senator Borah's assertions that Clemenceau was responsible for conditions in Europe because of his great influence in the drafting of the Versailles peace pact, the statesman declared his situation was "particularly distressing" since in France he should be "most bitterly criticized for having aided from the Germans less than I ought to."

When he was told that some of the Washington senators had said that they could not understand clearly from his speech what he said with a gleam in his eyes they would know after his address this afternoon at Tremont Temple the second formal speech of his tour.

Held For Trying To Stop Train To Football Game

(Associated Press Leased Wire.)
NEW HAVEN, Conn., Nov. 24.—Accused of inciting shopmen to violence to hinder the movement of trains to the Yale Harvard game tomorrow, Ernest Schweizer, an organizer of the International Association of Machinists was arrested today.

The specific charge is that he incited shopmen to commit felonies. Schweizer was arrested yesterday on a warrant issued by City Attorney Whitaker.

Attempted Assault Case Aired In Court

Negro Held for Grand Jury on Charges Brought by Young White Girl.

Emmanuel White, negro, was this morning held for the grand jury on a charge of attempting an assault on Miss Annie Lee Shumate, 17-year-old daughter of Mr. and Mrs. L. M. Shumate. The negro, who has been in jail since the alleged attempt late last Friday afternoon, was this morning released under bond of \$250, his father, George H. T. Haraway, who with Popeshorn R. A. Adams, arrested White soon after the report of the attempt was made, took the stand first and told of investigating the circumstances surrounding the attack.

Miss Shumate then testified and related in detail the attempted assault. She said she was going home on Myrtle avenue from her work at the Danville Knitting Mills, about 6 o'clock.

A COY TIGER

The Tiger in a lighter mood is veteran statesman. With an American beauty at his nose, Clemenceau smiles roughly at the cheering crowds which have greeted him on all sides since his arrival in this country.

Conflicting Views On Shipping Bill Heard In House

(Associated Press Leased Wire.)
WASHINGTON, Nov. 24.—Widely conflicting views as to wisdom of enacting the shipping bill were presented to the House today by Republican and Democratic speakers.

Representative Lehigh, of New Jersey, a Republican member of the wartime committee declared the country would not have a fleet unless the plan was adopted. Referring to the cost of government operation of the merchant ships he said that the shipping board, "by eternal vigilance had cut down operating costs \$75,000,000 a year and that all we asked was a new kind of subsidy, which would further reduce the subsidy now being paid."

"Opponents of this bill have swallowed the shipping camel and are straining at the gnat," he said. "Referring to the cost of government operation of the merchant ships he said that the shipping board, 'by eternal vigilance had cut down operating costs \$75,000,000 a year and that all we asked was a new kind of subsidy, which would further reduce the subsidy now being paid.'"

"It is to be passed and he added by the present Congress nearly 100 members were expected to support action by the new Congress fresh from the people who have already expressed themselves on this move to take millions from the treasury for the benefit of the ship interests."

Baptists Seek New Members In Campaign

(Associated Press Leased Wire.)
NASHVILLE, Nov. 24.—Throughout the territory, Baptist convention the local Baptist churches will go afield within the next week in an effort to enlist new members who have not had a share in the seventy-five million dollars movement.

Frear Sends Another Hot Note to Mellon

WASHINGTON, Nov. 23.—Representative Frear (Rep., Wis.) continued his attack on Secretary of the Treasury Mellon today in another letter, strongly suggesting that Mr. Mellon either resign or be impeached for his handling of the tax situation.

Fraud Charges Result In Suits

Government Seeks to Recover Money Expended in Building War Cantonnements—Finds Excess Expenditure of Five Million Dollars.

(Associated Press Leased Wire.)
WASHINGTON, Nov. 24.—The series of suits for recovery of money expended in building war cantonnements has been decided on as the next step in the government campaign against alleged frauds under war contracts.

The number of suits to be filed has not been decided but it was indicated today that a dozen or more separate actions were in prospect. The initial cases are expected to involve construction of Camp Union, Yaphank, N. Y., Camp Jackson, Columbia, S. C., Camp Sherman, Chillicothe, and Camp Funston, Kansas.

Unofficial estimates place the total sum to be sought in all of the recovery of suits contemplated at more than \$75,000,000.

In one camp costing \$12,000,000 auditors are said to have found indications of an excess expenditure of five million dollars.

The decision of the department of justice to institute action for recovery of the sum resulted from a probe of more than a year by Attorney General Daugherty and his assistants reaching into every part of the country. What final action may grow out of the litigation, department officials would not predict but they have indicated that the series of suits when complete would present the most sweeping and far-reaching prosecution ever instituted by the government.

It is revealed by the sums to be named for recovery in the first four suits decided on that a large percentage of the total spent in this instance on camp construction during the war is held by the justice department to be recoverable. In one case more than half of the whole cost of the camp is declared by investigators to have been fraudulently expended.

Stillman Loses Another Round

(Associated Press Leased Wire.)
NEW YORK, Nov. 24.—James H. Stillman, New York banker today failed in his effort to have the decision of the Supreme court set aside confirmation of the referee's report in his divorce case which refused his petition and upheld the legitimacy of baby Guy Stillman.

Leakville Now Has Chamber Of Commerce

(Associated Press Leased Wire.)
LEAKVILLE, N. C., Nov. 24.—Leakville now has a Chamber of Commerce with a membership of 150 as result of an organization perfected last night with the election of a board of directors.

"... ugliness is no longer a badge of purity. Beauty is within the grasp of every woman."

So speaks Elsie Waterbury Morris, wife of Gouverneur Morris, the famous author and today the most famous beauty expert in New York.

Mrs. Morris will tell you how you can seize this beauty which is within your grasp.

Lieutenant of De Valera Put to Death

Boswell Case May Be Finished Today

(Associated Press Leased Wire.)
DUBLIN, Nov. 24.—Erskine Childers, chief lieutenant of De Valera, was executed today. He was executed at 7 a. m. for having had a pistol in his possession. It was announced in an official bulletin today.

The brief army report states that Childers was tried by military court at Dublin on November 17, charged with being in possession of an automatic revolver without proper authority, when apprehended by national forces November 10. The accused, the report says, was found guilty and sentenced to death, the findings being confirmed by the execution here today.

Ford Products Are Seen On Parade

With a Fordson tractor leading the way and a handsome Lincoln bringing up the rear, fully 20 placarded Ford products paraded through the town with a band this morning. The cars included every model, bore various advertising legends and at least one of the models behaved just as Ford would do when the air is cool. This machine, snorted and spluttered, but the behavior of all the other cars more than made up for the recalcitrant. The parade was of such a size as to cause momentary congestion in front of the postoffice but by the combined efforts of Chief of Police Bell and Traffic Officer Floyd Towell the automobile caravan was safely maneuvered into the clear.

Pierce Butler To Accept Honor

(Associated Press Leased Wire.)
MINNEAPOLIS, Nov. 24.—Pierce Butler, of St. Paul, nominated yesterday by President Harding to the U. S. Supreme Court, will accept the appointment, according to a telegram received from him by the Tribune. He is in Toronto.

Willard Gets Offer For Bout

(Associated Press Leased Wire.)
LOS ANGELES, Nov. 24.—Jess Willard has received an offer of \$30,000 from Charles Murray, boxer of Buffalo, to meet Floyd Johnson there in the latter part of January, according to Jean Doyle, Willard's representative. Willard has taken the matter under advisement, Doyle said.

Prepare to Bury Mine Victims

Graves Being Dug in Every Cemetery in Section for Bodies of 84, Who Lost Lives in Disaster.

(Associated Press Leased Wire.)
BIRMINGHAM, Ala., Nov. 24.—The Birmingham district prepared today to meet the disaster was the graves being dug in every cemetery in the district and every settlement is reported to be busy with the work of burying the victims. In nearly every little cemetery between Birmingham, Bessemer, Ensley and the mine, sixteen of the victims have not been identified. One was a white man and the other fifteen negroes. Identification of some of the negroes was said to be impossible as the faces were badly burned.

Speeders Given Jail Sentences In Los Angeles

(Associated Press Leased Wire.)
LOS ANGELES, Nov. 24.—Thirty-one people, including one woman, were given jail sentences today for reckless driving, running up to \$5 the total to receive such sentences in the Los Angeles courts today. The Los Angeles judges charged said that because of the danger to life and property they had retained jurisdiction to take legal action in the case.

CHAUFFEURS MUST HAVE LICENSES

State License Inspector B. C. Coleman is rounding up chauffeurs operating in the city who have failed to comply with the state requirement. Ten men have been arrested and all were fined \$14.45. In addition they have been required to obtain the license which costs \$5 and which must be renewed on January 1. Such applicants are required to present the signatures of two responsible citizens who vouch for their ability to drive automobiles.

The state requirement is entirely separate and distinct from the local registration of chauffeurs.

I. E. CRAFT GAINS FORTY-SEVEN POUNDS

"Tanlac straightened me up eight months ago and I have never been a dose of medicine, not even a laxative since. I am still feeling fine and have gained forty-seven pounds," declared S. P. Craft, well-known automobile dealer and garage man, of Harrisonville, Va., recently.

"I suffered from stomach troubles, loss of appetite, constipation and indigestion until I got so run down, nervous and dizzy I had to give up two jobs and for several months was unable to work. I lost weight and got so weak I thought I would never get well."

"Tanlac has given me a 'six-cylinder' appetite and a stomach that will digest fat meat and cabbage as good as will milk and I have been more 'active' in my daily matters. Now I got my health back. Tanlac will give me my life's gratitude."

Tanlac is sold by all good druggists.

BUILD UP YOUR VIGOR FOR WINTER

In the fall your blood is thin and your vitality low. That's why you suffer from coughs and colds, and feel all run down and dragged out.

Gude's Pepto-Mangan will enrich your blood, tone you up, and give you the restful power to ward off illness. Begin to take it now; it may save you sickness and suffering later on.

Physicians have recommended and prescribed Gude's for over 30 years.

Your druggist has it—liquid or tablets, as you prefer.

Gude's Pepto-Mangan Tonic and Blood Enricher

Piles

are usually due to straining when constipated. Nujol being a lubricant keeps the food waste soft and therefore prevents straining. Doctors prescribe Nujol because it not only soothes the suffering of piles but relieves the irritation, brings comfort and helps to remove them.

Nujol is a lubricant—not medicine or laxative—so cannot gripe. Try it today.

Nujol

A LUBRICANT—NOT A LAXATIVE

STOP ITCHING SKIN

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin.

Ask your druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, Pimples, Blackheads, Eczema, Blisters, Ringworm and similar skin troubles will disappear.

Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

FOR HER CHRISTMAS GIFT

BEAUTY—Utility—good taste—are all to be considered in selecting her Christmas present. Our exquisite Dresser Sets answer these requirements in a most attractive manner.

Delicate cloisonne, rich ivory and classic silver sets are here in a variety of designs for selection.

Seven Cent Fare Proposed In Lieu Of One-Man Car

The one-man car proposal which has been before the council and the public for the past three months took an entirely unexpected complexion last night at the special meeting of the council called for the purpose of reaching a decision. C. G. Holland, president of the Danville Traction and Power Company after presenting arguments in favor of the change to the council in view of economic conditions said that if the council was unwilling to make the change, the company would be satisfied with a seven cent cash fare with the sale of tickets as they are now five for thirty cents. The immediate upshot of this suggestion which was debated, resulted in the council voting to adopt a resolution providing for the publication of a change in ordinance raising the cash fare from six to seven cents and charging the finance committee with making a definite recommendation as to whether the one-man car and the seven cent fare, by publication of the change in the ordinance for ten days the matter will have matured for action by the regular meeting in December.

The seven cent proposition made by Mr. Holland apparently appealed to one group of opponents. William Norton who represented a large group of workers who are constant riders of the street cars and who appeared as an earnest advocate against the one-man car, also expressed the opinion of a raise in fares. C. R. Bourdage who came to the council meeting armed with a sheet of hostile editorial comment on the one-man car taken from the Washington Herald which has been fighting one-man cars in the capital said that the masses of the people would prefer to pay the seven cent fare and have the added protection of two men than the one-man car.

The special meeting was opened by a prayer by Rev. J. T. Allen, of Calvary church after which the council without debate took favorable action on the proposal to increase the fare from six to seven cents for the continuation of the Afton road. This done, the way was paved for the main struggle of the evening—the one-man car. By agreement each side was granted fifteen minutes. Mr. Holland appeared for the street car company while about thirty citizens appeared headed by William Norton who addressed the council once before on the car matter.

Mr. Holland said the company was anxious to give the people of Danville the best possible service it could. He pointed out that the advent of the automobile and the generous hospitality of the city in providing for riders up and down town was costing the company severely. He did not begrudge the action of automobile owners asserting that it was natural for them to carry friends with them when they saw them waiting for street cars. In ten months of this year however, the car company's receipts showed a shrinkage of \$17,473. Last year the decrease in the number of passengers hauled, he said, was 249,700 while for the first ten months of the current year the reduction in the number of passengers carried was 346,019.

Mr. Holland represented the cash investment in the company as \$723,000 of which \$400,000 is in bonds. Mr. Holland said at the outset that he would not be satisfied with a majority vote but wanted an unanimous expression. Mr. Holland analyzed the objections which have been raised and sought to counteract them. He denied that the one-man car was a retrogressive step, emphasized its safety and pointed out that as each motor car was virtually a policeman the interests of the passengers would at all times be looked after. In dealing with the necessity of throwing some men out of work he indicated that this was a matter of business expediency much as he regretted it. He pointed out that the company was in bad straits however and that an economic condition compelled the curtailment of expenses. After dealing succinctly with the question Mr. Holland put forward his counter proposition of a seven cent cash fare with the sale of tickets for 30 cents. This, he said, would actually net the company a little more than would the one-man car and that the company would prefer this alternative.

Mr. Norton took exception to several things Mr. Holland had said and he did not see why the citizens should suffer from the lack of earning capacity of the street car company. None of the railway companies is making money now, he declared, and the merchants were not enjoying an unusual margin of profit. Mr. Norton also reminded the council that a serious racial question was involved in the one-man car going into this with some thoroughness.

Mr. Eldridge followed declaring that he had been consistently in favor of Danville's progress. He paid a compliment to the council by saying that less criticism had been heard of the present body than of any other council in the country. Mr. Eldridge cited Alexandria's effort to rid itself of one-man cars and of the difficulties which are being encountered. The schedules of work for the motorman under the one-man car management, he asserted, would be such that none of the present force would be willing to work on such a basis and he reminded the council of the high character of the Danville street car men. He could not see that the company would make any great saving by reason of the heavy outlay in converting the present cars. Mr. Eldridge said that he felt sure that the people as a whole would much prefer the seven cent fare and the old-fashioned cars than the type proposed by Mr. Holland.

This terminated the debate and W. E. Gardner at once moved that a seven cent fare be substituted for the one-man car. The finance committee which recommended the one-man car for a trial period of a year. There was momentary discussion as to the question of expiration of the car and it was finally decided that this should be left to the pleasure of the council which could revoke the seven cent fare on a thirty day notice.

Prohibition Makes Giant Strides In Europe, Canvass Shows

TWO MEN WHO ARE HELPING BY EXAMPLE TO MAKE EUROPE DRY: PRESIDENT MASARYK OF CZECHOSLOVAKIA (ABOVE) AND PRESIDENT MASARYK OF CZECHOSLOVAKIA.

BY MILTON BRONNER (Special Correspondent of The Bee) LONDON, Nov. 24.—When the recent session of the Women's Christian Temperance Union in Philadelphia, that organization restated its aim of a liquorless world, a loud laugh probably went up in some wet quarters in America.

"You'll never make Europe dry!" these wets probably exclaimed.

But the "pussyfoot" movement, as it's called here, is making progress in Europe. It's not accomplishing much in the way of making countries bone-dry but it is bringing in restrictions and local option—and that was the way nation-wide bone-dryness started in America.

See for yourself what progress the dry movement has made on this continent.

Austria—Wet, but poverty of people is making for temperance. President Masaryk is a teetotaler.

Baltic Republics—Lithuania, Latvia and Estonia are wet because they're rye and potato producing countries where much vodka is distilled, producing rich revenue. But temperance movement is on foot in Estonia.

Belgium—Distilled liquors cannot be sold in public houses.

Bulgaria—Local option law adopted under which many villages in rural areas have closed saloons.

Czechoslovakia—Still wet but prohibition sentiment is growing because of the high cost of vodka. President Masaryk writes articles in favor of temperance. But good Pilsener beer is still obtainable.

Finland—Europe's only bone-dry country since June 1, 1919. Having trouble with booze smugglers. Poorer classes said to have been benefited. France—Absinthe prohibited.

Great Britain—"Pubs" only allowed. Difficulties which are being encountered. The schedules of work for the motorman under the one-man car management, he asserted, would be such that none of the present force would be willing to work on such a basis and he reminded the council of the high character of the Danville street car men. He could not see that the company would make any great saving by reason of the heavy outlay in converting the present cars. Mr. Eldridge said that he felt sure that the people as a whole would much prefer the seven cent fare and the old-fashioned cars than the type proposed by Mr. Holland.

This terminated the debate and W. E. Gardner at once moved that a seven cent fare be substituted for the one-man car. The finance committee which recommended the one-man car for a trial period of a year. There was momentary discussion as to the question of expiration of the car and it was finally decided that this should be left to the pleasure of the council which could revoke the seven cent fare on a thirty day notice.

W. H. Harrison opposed any increase in the street car fare saying that the present trend is downward instead of upward. F. W. Townes said that he had been quietly considering the car proposition for sixty days and that he had made up his mind against the advisability of such a car in Danville but that he felt that the street car company was deserving of some aid and support. He suggested that the city be permitted to set the company by relieving it of the necessity of its paying a proportionate share of street improvement.

The substitute resolution was then offered and it was adopted by a vote of seven to one. Voting in favor of the substitute which was merely authorization of the publication of the amended ordinance as to the fare increase as it would be in shape to be voted on in December were Messrs. Carter, Gardner, Gravelly, J. D. Harrison, Townes, Walton and Corrington.

W. H. Harrison voted against the resolution.

Mr. Conway was not present so did not vote.

A few minor matters were disposed of by the council which then adjourned.

For the benefit of those citizens who were present in the council chamber last night it should be said that the appearance of some of the members of the present body than of any other council in the country. The appearance of such members in immaculate evening attire was due to a social engagement in which the members participated later, and not to the exigencies of councilmanic decorum.

BROSVILLE HIGH SCHOOL

An interesting Near East Band Service will be held in the auditorium of the Brosville High school on Friday evening, November 25, at 7:30. Devotional exercises will be conducted by the Rev. J. J. Clarke, Methodist minister of Cascade church. The address of the service will be delivered by Rev. Malvern S. Taylor, Rector of Epiphany church, Danville, Va.

All friends, pastors, and those interested in Near East work are asked to be present.

P. L. CHATELAIN DIES SUDDENLY FROM PNEUMONIA

The sudden death occurred yesterday morning of Paul L. Chatelain, age 60 years, at the hospital from a brief illness of pneumonia. Mr. Chatelain contracted pneumonia on Wednesday and was admitted to the hospital at 8:30 o'clock that night. He died yesterday morning at 11:30 o'clock. Mr. Chatelain who has been a resident of Danville practically all his life, is survived by two brothers, Jules and Claud Chatelain, also two sisters, Miss Matilde Chatelain and a married sister in Ohio, whose name was formerly Miss Laura Chatelain.

The funeral will be held this afternoon at 3:30 o'clock at the chapel in Fox's undertaking establishment on Main street and internment made in Greenhill cemetery.

POLICE-SHERIFFS CLUB MEETS

The quarterly meeting of the local police-sheriff's association was held yesterday at two o'clock in the Corporation Court room, about fifty members of the police force and their friends being present.

The meeting was opened by Sergeant J. L. Edwards, who is president of the organization. This was followed by eight members of the police force who sang in a very effective manner "To the Work." After prayer by Sergeant Edwards, Mayor Wooding spoke warmly of the police force for a few minutes, beginning his talk by going back in memory to the time when Danville had only one policeman and following the development of the police force on down through the years to the present time. Mr. Wooding introduced Dr. T. A. Smoot, pastor of the Main street church, who pointed out the fact that he and the police were both engaged in the prevention of crime. Dr. Smoot told the policemen that he needed the cooperation and was willing to give them his interest and efforts.

Mayor Wooding then presented Jesse W. Benton, Assistant Commonwealth's Attorney, who spoke briefly on the subject of law enforcement. After a few remarks from Mr. Van Pelt, of the local Salvation Army staff, the meeting was closed.

REVIVAL HELD AT STOKESLAND

The revival services at the Stokesland Methodist church continue with unabated interest.

There have been a number of conversions and so far about fifteen persons have signified their purpose to join the church, either by profession of faith or by letter.

The pastor, Rev. S. E. Jones, is conducting these services from night to night, assisted by Rev. John Marshall of Schofield and several local preachers of the city and country. All denominations are working in harmony in this meeting for the salvation of souls.

—Mrs. Frank Talbott is the guest of her daughter, Mrs. Hulise Hayes, Circleville, Ohio.

CHATHAM NEWS

CHATHAM, Nov. 23.—Miss Katherine Coles and J. Shirley Carter were quietly married at the home of the bride on Main street at two p. m. Wednesday, immediately leaving by auto for a trip of two weeks or more, their destination not being known.

The bride is a young woman of many charms and very popular. The groom is held the responsible position of county highway engineer to several years and is a young man of sterling qualities. They will make their home here. Rev. Thomas G. Faulkner, pastor of the contracting parties, performed the ceremony which was witnessed only by a very few intimate friends.

A Life Calling Conference was held on Wednesday at the Chatham Training School in which educators of renown participated and the day was one of much value to the student body and all visitors. J. W. Canham, secretary of the Baptist Educational commission was the first speaker and his remarks were given to outlining the purpose of the Conference and the work being done in the schools under care of the commission. Dr. Soru of Brazil followed in a very timely talk giving a birds eye view of Brazil, its possibilities and relation to the United States, and laid out a course of work and the opportunities to young men of energy and determination. Dr. S. C. Mitchell of Richmond University was the next speaker and his theme was "The Young Man as a Leader in which he gave the most essential things to succeed and in a very plain and most practical way. In the afternoon Mr. J. H. Whitehead spoke on "The Business Young Man" laying special emphasis on the importance of work and he was followed by Mr. E. P. Colder on the "Young Man in Banking" in which he gave most impressive talk on the essentials of this calling and the many obstacles to be overcome in reaching the desired goal. On Wednesday evening the speech of the Conference was that of a Greater Southland and the part to be played by the Young Man by Dr. S. C. Mitchell. This lasted for one hour and took up every phase of this great question now confronting our people of the south and the many ways in which our desire could be accomplished the essential of which was work and work eternal.

LEADERS FOR CHEST DRIVE ARE NAMED

The work of organization for Danville's Community Chest Campaign is progressing rapidly. C. G. Holland announced that the leaders for the fourth divisions had been secured. They are as follows: Division A—Mrs. H. M. Martin; Division B—Mrs. John H. Schofield, Jr.; Division C—Geo. P. Georgehogan, Jr.; and Division D—J. M. Seadgar. These divisions leaders are now busy securing four captains for each division and the captains will in turn secure a team of ten workers. This will give an organization of 160 volunteers to do the work of active solicitation during the intensive week of December 4th to 11th. The Campaign will be formally opened by a supper meeting at the Y. M. C. A. Monday night December 4th but a preliminary meeting for the entire organization will be held Friday night December 1st for the purpose of organization and instruction. This will be the first meeting of the entire group.

That the community Chest Idea is being accepted by the progressive people of the community is indicated by the ready acceptance of those requested to serve in various capacities. The people of Danville are very busy at this season but this combined campaign appeal is welcomed for that very reason since without it eight separate campaigns requiring same work and time would be necessary. It is expected that the entire organization will be completed the early part of next week.

A Meeting of the Campaign Executive Committee was held Wednesday evening in the campaign office in the Young Men's Business Club room and was well attended and progress along lines was reported. H. R. Fitzgerald, general chairman presided and many details were arranged. J. E. Perkins was appointed to communicate with the out of town tobacco concerns represented here and L. Herman was appointed to get in touch with the chain stores. Frank Talbott was also appointed to see that the congregations of the various churches have the campaign called in their attention.

Jan. T. Catlin Sr. spoke briefly at the meeting and expressed his approval of the plan of campaign as outlined by the committee and especially of the combined appeal. Danville has had so many campaigns and drives of various kinds in the past that eight appeals in one for one year should be a boon to solicitor and public alike.

GET TOMATOES FROM GARDEN

Mrs. Isaac Hubbard, who resides on Calhoun street, reports that she has been getting fresh ripe tomatoes out of her garden until last Sunday, stating that the vines produced abundantly until the cold weather and frosts of this week. This is something of a rarity at this time of the year.

—Mrs. F. F. Hughwell, of Hilton Village is visiting Mr. and Mrs. J. F. Davis, on Stokes street.

Gardner's Dark Fruit Cakes For the Holidays!

Perfectly baked with rich June Creamery Butter, golden hued fresh Eggs that add to the sweetness of imported Raisins, Citron, Cherries, and Pineapple, with Spices redolent of Arabia permeating the cake, together with Pecan and slender slices of Ginger and Orange Peel makes the perfect cake, packed in Mandarin gift boxes that mirrors the character of the cake and the organization putting them out.

At All Good Grocers.

GOODNESS KNOWS

College Sports Have Reached New Point Of Popularity

(By The Associated Press.)
CHICAGO, Nov. 24.—The more serious of intercollegiate athletics, evidenced by the erection of stadiums in which to stage the same, constitute a danger to the amateur sports, according to Major John Griffith, Western Conference athletic commissioner, who today replied to objectors who contend that these stadiums would breed professionalism.
So long as the games are honestly administered and kept from the hands of gamblers, the stadiums are an asset, Major Griffith said. The philosophy of the objectors is similar to the men of a generation ago who opposed big business because of its bigness, he declared.
"Some persons," said Maj. Griffith, "are inclined to view with alarm this unprecedented development of interest in sports and fear that the erection of these stadiums constitutes a menace to our college athletics. These men were afraid of large business interests because they were so large in scope. Theodore Roosevelt pointed out at that time that there were good trusts and bad trusts and suggested that a business institution should be judged not so much by its size as by the methods which it employed. And so it is without colleges today."
"If our great games are kept clean, if the men who play do so for the love of the game and the benefits which they derive from playing, if we can keep our amateur athletics out of the hands of the gamblers, both professional and amateur, then these stadiums and the contests will make for a better citizenship, and this means a better America."
"Among the ten universities in the Western Conference all have stadium building projects which are either completed or under way. Ohio State University has dedicated a stadium which will seat 65,000; the cornerstone for a stadium at the University of Illinois has been laid; a contest to raise funds with which to build a stadium is now being conducted at the University of Minnesota; the athletic council at the University of Wisconsin has a building plan which will not be completed for several years; Michigan, Iowa, Northwestern, have good fields. Purdue plans a new field and Indiana also the University of Chicago, with stands that will seat 22,000, found that a stadium four times as large is necessary for intercollegiate games."

Free To Asthma and Hay Fever Sufferers

Free Trial of a Method that Anyone Can Use Without Discomfort or Loss of Time.
We have a method for the control of asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as Chronic Asthma or Hay Fever, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma or hay fever, our method should interest you promptly.
We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, "cures," "patent cures," etc., have failed. We want to show everyone at our expense, that our method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms.
This free offer is too important to neglect a single day. Write now and begin the method at once. Send no money. Simply mail coupon below. Do it today—you even do not pay postage.

Vest Pocket Radio Is Next on Program

NEW YORK, Nov. 23.—A vest pocket, or wrist watch radio receiving set will be the next step whereby people can "listen in" anywhere, according to David Barnoff, vice-president of the Radio Corporation of America, in an address tonight before the New York Electrical Society.
Regarding development in equipment, he said:
"We have today the idea of a receiving set which serves the family or the community hall. Next may come the individual receiver, worn on the person, in the vest pocket or perhaps in wrist watch form, so that the individual in his home or in his office, or on his way down the street, or on the country road, may listen in as he will to the news and entertainment of the world."
"One of the features of human intercourse that is now a dying art, but which will be revived by radio, is oratory," he said. "Except for political usage, oratory is dying out but by no means of broadcasting it will soon come to the fore again. Instead of being accompanied, and often overborne, by the personality of the speaker, as is the case today, the spoken word will need, indeed, to carry cold logic with it if it would make its appeal."

Latest Suiitor on Ship Wins Baroness's Hand

NEW YORK, Nov. 23.—Bringing in a romance of the sea, the Saxonia, of the Cunard Line from Cherbourg and Southampton, docked yesterday. Among the first down the gangplank was the Baroness Olga Von Koenne of Petrograd, all smiles, trailed by Lord L. Caspar, an importer of textiles at No. 41 East 42d street.
Three days ago they first met. It was love at first sight, though the Baroness admitted her hand had been sought in marriage by two other passengers.
Mr. Caspar admitted the competition to reporters. The other suitors had eleven days' advantage, but Caspar came around the field and the couple announced their engagement shortly before the vessel docked.
The Baroness's husband, a Captain in the Russian Army when the Bolsheviks took the government, was thrust into prison and died. The Baroness fled and finally made her way into Germany, where she worked for the American Red Cross and the International Relief.
She was on her way to meet her brother, Otto H. Koenig, an architect, living at 134 E. 24th Avenue, New York City, when she was telegraphed her brother of the romance and told him she was bringing a husband aboard and would not reach Detroit until after her honeymoon.

Plunges 45 Feet to Rock Pile; Recovers

WINCHESTER, Va., Nov. 23.—Hayes Grudorf, an employee of the M. J. Grove Lumber Company, Stephens City, is at work again after falling headlong from a structure a distance of forty-five feet and plunging into a pile of broken and jagged rocks. Workmen said they expected to find Grudorf dead, but he was conscious and bleeding to a hospital here at night and attended by doctors.
The following morning a physician went into Grudorf's room, expecting to find him in a serious condition. Asked how he felt, the man stretched himself and yawned and replied that, except for being a bit sore and stiff, he felt all right.

THREE ARE KILLED

PIKEVILLE, Tenn., Nov. 23.—A coroners' jury which investigated the killing of Jesse Rector, York Rector, his son, and the latter's wife, whose bodies were found at their home a few days ago, returned a verdict that they had been killed by parties unknown. When discovered the two men had their hands tied behind their backs and their bodies were badly mutilated with pistol bullets and gunshot. Part of the woman's head had been blown off.

SHOES

NEWARK, N. J., Nov. 23.—Salesmen of shoe manufacturers now showing spring styles today report increasing orders for men's shoes in boys' sizes for the women's trade. Women are having indicated that they prefer men's styles of shoes.

KNOWS HIS CHILD AFTER 13 YEARS BY LOCKET HE GAVE HER MOTHER

NEW YORK, Nov. 23.—Having not seen his fourteen-year-old daughter, Francesca, since she was an infant in the arms of her mother, long dead, Fedele Licata of Vandergrift Heights, Pa., could identify the child on Ellis Island yesterday only by a locket she wore.
He had given the locket to his wife before leaving Italy some thirteen years ago. She died the following year, and the child was reared by its grandparents. Lately the father has been sending money to keep Francesca in school.
"I wouldn't know my child even if I saw her," Licata confided to a social welfare worker on Ellis Island. He looked over the scores of detained immigrant children despairingly. Francesca was presented to him by the officials by the name on her passport corresponding with his own.
"But, how do I know this is my child?" Licata asked.
Then Francesca handed him the locket. Instantly the past came to Licata's mind as he looked upon the tiny medallion of his dead wife. He took the girl to Vandergrift Heights, where he works in the steel and tin mills. He has prospered there and has not married again.

DETROIT TO HAVE FINE NEW BUSINESS EDIFICES

DETROIT, Mich., Nov. 23.—A hotel and three theatres are grouped in plans for a \$12,000,000 building to be erected here, according to plans announced by the promoters. Two other hotels are to be erected in Detroit soon. One, it is said, will be 21 stories, to be built by the Hillard Hotel Company. The other, a \$10,000,000 hotel of 15 stories, will be built just north of Grand Circus Park.

SPECIAL SESSION FOR ROAD BONDS URGED

RICHMOND, Va., Nov. 23.—Resolutions urging a special session of the General Assembly for consideration of a bond issue for highways and approving a proposed tax of one to two cents per gallon on gasoline as a means of funding the debt, were presented to Governor E. Lee Trinkle today by the executive committee of the Virginia Automobile Dealers' Association and the vigilance committee of the Richmond Automobile Trade Association. Both organizations expressed disapproval of a tax on gasoline without a bond issue as well as an increase in the assessment of realty and other property.

TEXILES

BOSTON, Nov. 23.—Textile manufacturers throughout New England are worrying today over the fact that up to the present time advances in neither cotton goods nor woolen goods have been proportionate to the advances in the price of raw cotton and wool.

Good Morning Judge!

Tom Allen, colored truck driver, was this morning fined \$100 and costs for operating the machine while intoxicated and an additional \$10 and costs for creating a disturbance at the store of E. J. Wyatt. The negro denied that he was drunk and several witnesses were on hand who testified that he was under the influence of whisky.
A fine of \$11 and costs was imposed on Alex Hunt for creating a disturbance at a local tobacco factory. The negro looked surprised when the fine was announced for he had gone to the place to protect his wife, who was employed at the factory. The woman charged that a man struck her several times after which she sought protection from her husband, Alex. When Alex arrived some excitement followed and a charge was brought against him by officials of the concern.
Albert Giles, colored, a minor was ordered to appear before the juvenile court for a hearing on a charge of stealing \$5 in currency.
Emmanuel White, colored, held for grand jury on attempted assault charge brought by Miss Annie Lee Shumate.

GRAIN

FORT WORTH, Nov. 23.—Wheat fields today look like flower gardens in northern Texas as a result of the recent rains. Grain, however, in the Panhandle is dead, as most of it was planted in the dust and the rains came too late to bring it up. Replanting will start immediately.

Baron Sonnino Of Italy Dies

ROME, Nov. 23.—(By The Associated Press.)—Baron Sonnino, twice prime minister of Italy and also foreign minister during the great war died tonight.

Baron Sidney Sonnino, "the silent statesman of Italy," disliked to talk but could be fluent in five languages. He was Prime Minister of Italy in 1906 and again in 1910. From 1914 to 1919, he was Minister of Foreign Affairs. He also served as Minister of Finance, as Minister of the Interior and as a member of parliament. He brought to the Paris peace conference the reputation of "the first financier of Europe," the man who had probed the economic life of the world to its core.

"I do not shine. I do not glitter," he said on one occasion in the Chamber of Deputies. "I leave that sort of thing to my political opponents."

At another time, addressing his indifferent colleagues, he said: "I propose to put a little knowledge of the state of the nation's revenue into your heads, whether you feel interested or not."

While Minister of Finance he was credited with having laid the foundation for his country's stability from the revenue standpoint for his cabinet's budgetary purposes.

Baron Sonnino was one of the most astute men in Italy in spite of his wealth. Even before the war, he practiced the most rugged economy in Italy could not find favor by reason of her enormous public debt. Sonnino lowered it by vigorous taxation, by reducing public salaries and expenditures and dismissing needless employees.

The politicians, therefore, did not like him.

"I would not think of having a fire in my bedroom," he protested to his deputies on one occasion. "In Italy, winter is one beautiful but in the London of that fashion."

A Jew by race, a Protestant by faith and a native of Egypt, the man who one day destined to handle the Italian ship of state, was born of an Italian Jewish father and a Scotch mother on March 11, 1847, on the banks of the Nile. He was educated partly in England and at the University of Pisa.

Sonnino's grandfather migrated from the ghetto of Leshhorn, Italy, to Egypt where he built up a fortune as a banker and a fortune which the future Premier of Italy enjoyed.

Before entering politics he was editor of the magazine "Rassegna" which he founded and in which for years he aired his political and economic views. He wrote and lectured on Dante and Petrarch of whose works he was a close student. Later he became one of the proprietors of the Giornale d'Italia. Baron Sonnino was always interested in the welfare of the Italian farmers. His noble contribution to public knowledge of agrarian conditions in that country. One of his aims, he said, was to educate the Italian people in the use of the land.

He also built local railways, put isolated regions in touch with great markets, strengthened the farm banks and assisted villages and towns in financial straits. He secured a wonderful library. The Baron never married.

The use of eggs at Easter is a survival of a pagan custom, quite unrelated to Christianity.

GETTING ON THE STAGE IN NEW YORK

By Josephine Van De Griff

This is the second of a series of six stories by Josephine Van De Griff describing how she got on the stage in New York.

By JOSEPHINE VAN DE GRIFF (Special to The Bee.)

NEW YORK, Nov. 24.—The most immediate aim that comes to the service of the young woman in search of a job on the stage in New York is that portion of this classified telephone directory marked: "Theatrical Managers and Producers."

Not that I found this out right away. The Travelers Aid at the Pennsylvania Railroad station had been very kind in the matter of lodging, meals, advice and pure unadulterated friendship.

But I had learned nothing definite as to how I was going to get on the stage. To the Travelers Aid at the Grand Central Station I put my query in somewhat different form.

"Do you have a list of reputable theatrical agencies?"

The lady at the desk didn't, but she thought I might get such a list at the Theater Guild.

There in a little crowd's nest I found a girl, plump and pleasant. No, the Theater Guild didn't have such a list; but from the telephone directory she selected two agencies that she assured me were all right. I then had recourse to the telephone book, and made a list of some 30 or so theatrical managers and agencies.

The list began impressively enough with David Belasco. It ended with Sam Scribner, producer of burlesque, and a heart-breaker tour of the agencies. I would poke my head through a door hoping vaguely that a producer or a manager, sitting inside, would observe that I had a certain spiritual cast of countenance, would hop from his chair and say:

"Ah, the very type I've been looking for," and bear me off to triumph. Instead I would find a score or more people sitting in chairs about the walls. They would look at me critically and then relapse into their own introspections.

After a while, when the chairs were all filled and a number of us were standing, a bobbed-haired blond would come out and say: "Nothing today. No, I'm sorry, but there's nothing today for any of you," and we would all get up and file out.

This happened again and again. At the managerial offices it was no better. No, Mr. B. had no whole staff were away. He wouldn't be doing anything for several months yet.

Mr. Coban had a couple of shows in rehearsal but the casts were all filled. In six weeks there might be something.

No. So-and-so's shows were all closing—head had rotten luck, he wouldn't be doing anything until after Christmas.

I marveled, though, at the kindness everyone manifested. At the Packard

THEN BEGAN A HEART-BREAKING TOUR OF THE AGENCIES.

agency there was one when they called Miss Mason. It was a pleasure to be turned down by Miss Mason.

"No, dear, nothing for you today," "I'm sorry, dear, but I'm too tall for the part," "No, nothing today, dear. If you'd only been here three days ago."

"Oh, Mr. Gordon, how are you after your illness? No, there's nothing today but there might be something next week. I'll let you know."

It was Miss Mason who sent me in to an inside office to be registered by Mr. Packard. Mr. Packard was well set up and a little gray and he had nice eyes.

I felt I liked Mr. Packard although our conversation was limited to details. I had given weary times before. That I was Huldin, Benon, 23, five feet four inches tall, that my hair was blond and my eyes were gray.

"Any experience?" said Mr. Packard. "None," I said sadly. "Would it help if I said I knew I could play the Piano?"

"I might," said Mr. Packard. "How much do you weigh?" "A hundred and forty-five pounds in my coat."

"Well," said Mr. Packard, "that may be a disadvantage, you never can tell where the lightning will strike."

I took courage. On the way out I met Inez.

TOMORROW: I talk with Inez, the girl who tried to come back.

KING'S SPEECH IS SCANNED AT WESTMINSTER

DUBLIN, Nov. 23.—(By The Associated Press.)—The King's speech at Westminster today was eagerly scanned here for the terms of its reference to the Anglo-Irish treaty. It confirms the prevailing impression that the treaty will be ratified practically unaltered. It is pointed out that any alteration, however insignificant, might involve controversy and delay and it is believed that Premier Bonar Law is alive to this.

It is expected that two contentious points may be raised in the House of Lords. If not in the Commons—the first relating to the British citizenship of Irish citizens, and the second relating to the question of appeal from British courts to decisions of the Irish Law Courts. But these were fully considered in the conferences between the British and Irish ministers before the constitution passed through the Irish Parliament.

Mr. Bonar Law is expected to endorse the attitude of his predecessors.

ILLINOIS WOMEN FIRM FOR DRY LAW

CHICAGO, Nov. 23.—Two vigorous resolutions, one on the subject of prohibition, the other on the international conference of women to meet at The Hague, were adopted on the final day of the convention of the Illinois League of Women Voters. The prohibition resolution, carried in a large gathering representing women from all over the state.

"The United States Government, through the Department of Internal Revenue in 1922, fixed the alcoholic content of beverages free from taxation at one-half of 1 per cent. This tax was paid without protest for over fifteen years."

"In the Volstead law, Congress followed this precedent, as had also thirty-two dry states before enactment of prohibition."

"Beer containing 2.34 per cent. alcoholic content, and so-called light wine, being intoxicating, cannot be legalized under the constitution."

"Repeal of the Volstead law would leave the government without means of enforcing the provisions of the eighteenth amendment."

"Therefore, we, the women of the Illinois League of Women Voters, do hereby re-emphasize our loyalty to the constitution, and thoroughly condemn all movements intended to nullify or bring into contempt any article contained in the fundamental law of our land."

The second resolution declared Illinois members were in sympathy with the calling of an international conference to the end that permanent peace based upon international co-operation may be established.

MUSIC HOUSE BURNED DOWN

RICHMOND, Va., Nov. 23.—Fire of unknown origin late today destroyed a music house in the center of the business district and damaged adjoining buildings, causing a total loss estimated at approximately \$100,000. The music store carrying a large stock of musical instruments and supplies was a total wreck.

Damage to the stock of adjoining buildings was caused by smoke and water. Two firemen were overcome by smoke but neither is believed seriously injured.

PLEA FOR OPEN SHOP

NEW YORK, Nov. 23.—A plea for the open shop and for the removal of present restrictions of limitation of unskilled workers was voiced by William H. Barn of Buffalo, president of the National Founders' Association at the opening session of the association's twenty-sixth annual convention.

WADSWORTH WILL REPRESENT THIS COUNTRY AT MEET

WASHINGTON, Nov. 23.—Elliot Wadsworth, assistant secretary of the treasury in charge of foreign loans, has been designated to represent the United States in the conference at Paris with the allied governments on allocation of German reparations payments to cover the costs of the maintenance of allied American troops on the Rhine. The allied governments, in reply to a note from Secretary Hughes, pointing out the equal right of the United States to reimbursement for its expenditures, suggested that such a conference be held to determine ways and means of adjusting payments made by Germany.

At the time Secretary Hughes' note was sent to each of the allied governments, the German debt to the United States on account of the forces at Coblentz was more than \$240,000,000, and it has since increased considerably.

It was explained at the State Department that Mr. Wadsworth would sit as representative of the United States, but that he would report to Washington before any engagement committing the United States could be made.

WETS TO DEMAND THAT STATES FIX ALCOHOL CONTENT

ST. LOUIS, Mo., Nov. 23.—Calling in its workers from the east and mid-west, the Association Against the Prohibition Amendment decided to strike an immediate blow at prohibition in Congress and to concentrate the wet campaign in 13 states so as to bring pressure to bear, first on the Democratic and then on the Republican Party, to write wet planks in their national platform.

Immediate introduction into the present Congress of a bill transferring to the states the interpretation of what constitutes an intoxicating beverage was authorized. Hopeless of obtaining repeal of the Volstead Act so long as Mr. Volstead remains in Congress, the association took this step as its most hopeful prospect, and reserved for the next Congress its broadside against the Volstead Act as a whole.

Capt. W. H. Stayton, directing head and presiding officer of the association, said:

"We have gone in this proposed measure as far as we think Congress might give up control. I thought the Federal Government might be willing to retain control of transportation in interstate commerce, etc., but that perhaps it would now be willing to give over regulation of the percentage of alcoholic content to the states, leaving the decision to each state. Until we can repeal the Volstead Act, we seek to get Congress to transfer to the states as much power as Congress is willing to part with in connection with regulation of the liquor traffic."

HATRED OF U. S. ALL IN EUROPE

BALTIMORE, Md., Nov. 23.—Hatred of America is in Europe, "the universal passion," said T. H. Caraway, of Arkansas, told a meeting of the Baltimore Association of Credit Men tonight. He recently returned from a tour of Europe.

"Hatred of the United States," Senator Caraway said, "is the only thing which the argument anywhere in Europe and this is so, no matter what Mr. Clemenceau may try to tell us."

The failure of the United States to live up to international obligations, he charged, is responsible.

INVITATIONS ARE SENT

ROME, Nov. 23.—Invitations have been sent to the Tennis Federation of Germany, Austria, France, England, Belgium and Spain to send teams to the International Hard Court Tournament in Rome next May. The matches will be played on the courts of the Parioli Tennis Club of Rome, under the auspices and approval of the International Lawn Tennis Federation.

Germany already has accepted the invitation to send a team captained by Kleinroth, Germany's first ranking player.

FOURTEEN MEN, MENTALLY UNFIT TAKEN FROM MINE

PITTSBURGH, Nov. 23.—(By The Associated Press.)—Fourteen young men, said rightfully to belong on the state farm for the feeble minded at Orient, Ohio, were removed from the mine of Bentz Brothers at Turley Creek near here today by Pennsylvania state policemen and agents of the Ohio welfare department hurried to Pittsburgh and taken on the first train to Columbus.

This action was taken over the protest of Frank J. Bentz, general manager of the company, and without the knowledge of Sheriff Wood, Allegheny County. Bentz, in a statement tonight declared that "the boys" as they were termed, had been adjudged mentally and physically incompetent by persons named at the company's head employed counsel to fight the case in the Ohio courts.

Sergeant Creps who commanded the detail of police sent from the Greensburg barracks with the Ohio agents, said in a statement tonight that the raid was a consequence of official declarations of the Ohio agents that the young miners were wards of Ohio and were working for wages and under "terrible conditions."

Sergeant Creps said he made a personal inspection two days before the raid and confirmed the charge.

TURK WILL ASK REMOVAL OF THE HEAD OF CHURCH

LAUSANNE, Nov. 23.—(By The Associated Press.)—When Constantinople is fully restored to Turkey the new Ottoman government will ask the Greeks to remove the head of the Greek Orthodox Church to some other land, a member of the Turkish peace delegation told the Associated Press today.

"Constantinople is our sacred city," he said, "and there seems to be no equitable reason why the patriarch of the Greek Christian Church should have his seat in the center of Islam where the call of all the Moslems will have his throne."

HARRY S. DICKEY DIES

YOUNGSTOWN, Ohio, Nov. 23.—Harry S. Dickey, 62, a former attaché of the United States diplomatic corps, died at his home here today. During the first Wilson administration, Mr. Dickey represented the State Department on a mission to San Domingo. He formerly lived in South Bend.

Hiding a rash won't heal it

Attempts to conceal complexion blemishes usually fail, and only serve to draw attention to the defects.

Underneath most unattractive skins is a clear, pleasing complexion—that is needed in the proper treatment! It is surprising how often a brief use of Resinol Ointment and Resinol Soap will clear away blotches, redness and roughness and give the skin its natural freshness and charm.

Ask your druggist for Resinol.

Resinol

CROWELL SAYS BUSINESS COULD AIR EUROPE MOST

AKRON, O., Nov. 23.—American business firms can do more to aid in the rehabilitation of Europe than the United States Government can accomplish, if they go about it in the right way, said Seymour L. Crowell, President of the New York Stock Exchange, in an address tonight before the Rotary Club.

The principal European countries whose resources have been dissipated by war, Crowell pointed out, depend upon what they manufacture and export over and above their own needs. To continue or resume this process, he said, they require large supplies of raw material, but they have no ready capital with which to buy this excess raw material now.

"Something practical must be done," he said, "toward furnishing the raw material which Europe needs or calamity will overtake the world. My own opinion is that our big business institutions can do more in a practical way to aid Europe than our Government can do."

In the eighteenth century many writers on finance insisted that public debt increased a nation's wealth. The city of Denver was named for Gen. J. W. Denver, a one-time governor of Kansas.

DECIDES ON BEST LIFE INSURANCE

"Five years ago I was refused life insurance because of my heart symptoms. Doctors said it was caused from a pressure of fear that came from my stomach, but their medicine did not help me and I was getting worse all the time. Three years ago my druggist recommended May's Wonderful Remedy. I took a course of it and believe it is the best life insurance I have secured. It helped my trouble at once." It is a simple, harmless preparation that "removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—adv.

"Listening In"

On a Man Who Lived Ten Years in Agony

"Dear Sir:—For the past ten or twelve years I have suffered a great deal from indigestion and rheumatism. Being a very hearty eater my condition has been at times greatly aggravated. REGENERATOR was recommended to me and I am now on my fifth bottle. The results have been wonderful—I am absolutely free from rheumatic pains, can digest anything that I care to eat, my liver and kidneys have been stimulated to such an extent that I feel that I am as strong and well as ever. REGENERATOR is a wonderful remedy and I can sincerely recommend it to all sufferers. R. H. Caperton, Atlanta, Ga."

DR. LIVINGSTON'S REGENERATOR THE GREAT NERVE TONIC AND BLOOD PURIFIER

Relieved Mr. Caperton of his ten or more years of suffering because it increased his assimilation, cleared the liver and kidneys of stagnation, causing them to function properly, enriched his blood and put up his system that had so long been weakened and impoverished.

You have the same opportunity as Mr. Caperton to rid yourself of Rheumatism, Indigestion, Liver and Kidney troubles and to enjoy the same good health. Do not delay the start but get a bottle of REGENERATOR today. Price \$1.00 per bottle. You will be truly astonished at the remarkable results after only a five-day trial.

SPECIAL NOTICE: If REGENERATOR cannot be obtained from your regular dealer ask him to order it for you. It will be sent postpaid by express upon receipt of \$1.00. Livingston Medicine Co., Dept. K, Atlanta, Ga.

"All dressed up in my Sunday Best! My clothes have just been cleaned and pressed."

THE POWELL WAY!

Your best clothes will remain your best clothes for a long time if you allow us to give them new life and a thorough cleansing when they need it. You have our address, give us yours and we will call. As a reminder, examine that old hat, we can make them look like new by our methods which will include new bands both inside and outside. Your blankets, rugs, druggets, curtains, or suit and overcoat may need our service. Likewise it may be we can dye your garments in a way that only a trial would convince you of our ability to serve and help save. We are not asking for your entire patronage, but we insist that we desire a part of it. Our deliveries are greatly improved. Ask your friend who knows.

NEWSPAPER ARCHIVE

Healer Tells How He Killed His Wife

His First Mate Collapses as Smith Finishes His Testimony in Brooklyn Court.

NEW YORK, Nov. 23.—Key Pon Alton Smith, chauffeur, self-styled faith healer and spiritualist, told Justice Leansky and a jury in Brooklyn yesterday how he killed Mrs. Rose Smith, one of his four wives, on May 4th, at No. 8787 Bay Parkway, where she was employed as a servant.

At the end of his story Mrs. Elizabeth Smith, his first wife, uttered a cry and collapsed in her seat at the rear of the court room. Her collapse threw Smith into a frenzy. He gripped the witness chair, his face blanched and twitched.

"Stop! Stop!" he cried, slapping his forehead so sharply that the sounds startled the jury. Immediately he controlled himself, the woman was taken out and the trial resumed.

Smith's defense is "Invisible insanity." His lawyers explain it as a form of insanity easily recognized by alienists but imperceptible to others. He speaks well and appears intelligent. According to his own assertion he is a half-breed Indian. The police say he is of Negro extraction. He looks like a white man.

He told of buying a butcher knife in a store near Union Square "for no reason at all" and going to Brooklyn to plead with Mrs. Rose Smith to come back to live with him. She charged him with having given money, which she had furnished him, to Mrs. Florence Smith, his third wife. She returned some of his clothing she had washed and told him to get out and never return. He said he remembered stabbing her and seeing her on the floor, but "couldn't remember anything else."

When Smith was arrested in City Hall Park a week later, a written confession was found on him and a picture of the wife he had killed. On the back of the picture he had scribbled expressions of his love for her. Two days before he had telephoned the home of Alexander Katz, where she was employed, and asked if she had recovered.

"I'm a spiritualist," Smith said at one point yesterday. "I read the writings of Conan Doyle and became a spiritualist. I'm certain the spirit of my dead wife visits me in my cell every day and comforts me."

Mrs. Clyde Shepherd, of Richmond, who has been visiting Mrs. W. W. Wadell, has returned to her home accompanied by her mother.

Rum Smuggling Described As a Menace To Drys

(By The Associated Press.)

TORONTO, Canada, Nov. 23.—To stop liquor smuggling across international boundary lines would require a greater navy than the government now possesses and a greater standing army than any had in peace, so long as countries on the other side of the border are not in sympathy with our national prohibition policy, Dr. Ernest H. Cherrington, Westerville, O., secretary of the World League Against Alcoholism, declared in addressing the league convention here today.

The total international boundary line of the United States is 17,572 miles in length, including two continents, two immense oceans and a large part of the world. Beyond this boundary, he said, in virtually every direction the liquor traffic has a recognized legal standing.

In spite of all the intoxicating liquors held in bond in the United States at present, which are more than sufficient for all legitimate requirements for years to come," said the speaker, "the fact remains that during the first eight months of 1921 there was accepted international imports of 180,000 gallons of whiskey and 362,532 quarts of champagne.

"The single province of Quebec, Canada, on our northeastern border, imported in 1921 more Scotch whiskey than had been imported into that province during the entire ten years preceding.

"Estimates have been made to the effect that in the vicinity of Detroit, Michigan, there are smuggled over the Canadian border 1,000 cases of contraband liquors every twenty-four hours.

"The island of Bimini, and Cuba, together with others of the West India group, are well known bases of operation for international bootlegging and the violation of both the spirit and the letter of the prohibition law in the United States.

"The Mexican border with the none too well policed mountain districts presents large opportunities for the carrying on of an illicit traffic in all kinds of liquors across the border in defiance of the American constitution as well as the national and state prohibitory cords.

"Already the airship is being employed as an agency for liquor smuggling and when one hears in mind the remarkable progress of aerial navigation during the past five years it does not require a great sweep of the imagination to visualize the possibilities of the use of airships in great numbers for breaking down of prohibitory regulations during the next five years.

"The many new organizations in America for the nullification and repeal of prohibition are after all, but a part of the program of the strongly organized international liquor traffic which represents greater wealth and influence than it ever represented as a national institution. So today

the future of American prohibition is involved as what is to be the future policy on the liquor question in Canada, Mexico, Japan, England and other nations.

The economic international press, pointing out that such countries as France, Spain, Portugal and Italy upon smaller prohibition nations naturally raised the question as to whether such action is of concern to the government of the United States."

Theory Of Tridon Hangs On Dream

NEW YORK, Nov. 24.—"We are as we see ourselves in our dreams," is André Tridon's creed.

The famous French psychoanalyst and sex authority has had his dream of death.

Tridon is sleeping tonight after dictating a statement to his wife saying that "all hope of recovery has been given up."

Tridon has explained his theory that "if a man and woman could fall in love every day they would find the secret of eternal youth."

Tridon is still in love—has fallen in love daily with his wife as he has often explained.

Tridon has made it plain that a conscious fear is many times less dangerous than unconscious fear—there is a Jack and Hyde which lives in every man somewhere at the bottom of subconsciousness.

If Tridon is to die his dream theory will come true.

If he is to live, his symbols of what transpires when we sleep will fall like a house of cards.

Tridon's theory is in such contrast with Solomon's, who said: "Stay with me, Flagona, comfort me with apples for I am sick for love." That the psychoanalyst's life or death may decide which love discourse is more correct.

If Tridon is to live, his love for his wife may be held responsible.

May Investigate Woman's Death

Mrs. Cora West Is Killed While Hunting With Husband, Who Says Dog Stepped on Trigger of Gun—Couple Were Embarrassed at Time.

(Associated Press Leased Wire.)

ASHEVILLE, N. C., Nov. 24.—Coroner E. R. Morris is awaiting the arrival from Saluda of relatives of Mrs. Cora West, instantly killed while hunting yesterday with her husband, Fred J. West, before deciding if an investigation shall be held.

According to her husband, a dog stepped on the trigger of the gun laid on the ground and the load entered her body under the left arm passing through the neck. Death was instantaneous. Mr. and Mrs. West stopped at a point on the Weaverville highway near here. Mr. West said, and soon after the dogs freed an opossum. The guns were placed on the hill and Mr. West was taking off his shoes when his wife became afraid. He embraced her and while in his arms the gun went off. Grief-stricken the husband placed the wife's body in a car and drove to an undertaker. Mr. and Mrs. West were married in Greenville, S. C., last Christmas and have been living here since. Deceased was 22 years old.

FRENCH SHOPLIFTERS USE BUCKET BRIGADE TO CART OFF THEFTS

PARIS, Nov. 22.—The bucket brigade—not the old growler bucket, but the fire-line style—is the method used by a band of shoplifters in a large department store here. For a number of weeks goods have been missing. An investigation led one of the detectives to follow a woman to the door of the store, where she met by a man.

The man accepted articles and walked off. He in turn met a woman a few blocks from the store. This last woman taking the goods from the man, entered a house still further

FIREMEN RESCUE WILSON STREET CALL

Firemen were called out last night at 10:10 o'clock on alarm No. 18, rang from Five Forks, to the home of George Roth, 441 Wilson street, where the flames being seen by neighbors who promptly notified the department. Firemen learned that a member of the household had an instantaneous heater and that the match used to ignite the burner set fire to a bathrobe which suddenly flared up. The door was scorching, the danger being quickly removed.

PLAYER SERIOUSLY ILL

SOUTH BEND, Ind., Nov. 21.—Edward Anderson, former Pittsburgh National League outfielder and at one time manager of the Terre Haute and Wheeling teams of the Old Central League was said today to be in a serious condition in a local hospital from stomach trouble. Little hope is held for his recovery.

WHY WOMEN GET DESPONDENT

Are not women naturally as light-hearted, brave and hopeful as men? Certainly, but a woman's organism is essentially different from a man's—more delicate, more sensitive and more exacting. Women in delicate health are more dependent, more nervous, more irritable and more despondent. When a woman develops nervousness, sleeplessness, backaches, headaches, dragging-down pains and melancholia she should lose no time in giving Lydia E. Pinkham's Vegetable Compound a fair trial, as it will quickly dispel such troubles. This root and herb medicine contains no drugs and has been the standby of American womanhood for nearly fifty years—adv.

Former Premier Of France Made Subject Of Scrap

WASHINGTON, Nov. 23.—Former Premier Clemenceau, of France, and his mission to America as well as the policies of the present French government were subjected to a bipartisan fire today in the Senate in nearly two hours of frank discussion of Franco-American relations.

Senator Hitchcock, Democrat, Nebraska, former chairman of the foreign relations committee and leader of Senate forces which sought ratification of the Versailles treaty, was joined by Senator Borah, Republican, Idaho, prominent treaty opponent in the criticism. Both rejected the plea of M. Clemenceau for cooperation between America and France for peace as long as present French policies are pursued. Senator Sterling, Republican, South Dakota, who followed with a brief defense of M. Clemenceau, supported the French statesman's assertion that French fear of German militarism was justified.

Senator Hitchcock flayed the French policies toward Germany, which he said were "harsh," naming particularly the reparations demands and use of black troops in Germany. France, he declared, might have had a more appropriate spokesman than M. Clemenceau and he charged upon the former premier "to justify in future speeches in this country the French policies which he attacked."

Senator Borah, charging France with being militaristic also called upon M. Clemenceau for a statement as to the French position on disarmament and declared that the distinguished visitor was "studiously obscure" in his proposals for peace.

"He comes to us with no message except that of punishment, of vengeance and of anticipated war," said Senator Borah. "There is not a note of harmony, not a suggestion of a constructive policy or promise of actual peace. The American people, Mr. Borah predicted, would reject in toto the proposal of M. Clemenceau for a peace union between France and America."

Both Senators Hitchcock and Borah paid personal tribute to M. Clemenceau but united in criticism of the present course of the French government which they declared was likely to lead to war.

UNTERMYER TO ASSIST LABOR IN IMPEACHMENT

WASHINGTON, Nov. 23.—Samuel Untermyer, of New York, will assist the American Federation of Labor in presentation of its arguments urging impeachment of Attorney General Daugherty when the impeachment proceedings again are taken up, according to a formal announcement tonight by the federation. Mr. Untermyer, according to the statement, will handle features of the impeachment proceedings dealing with the anti-trust and war fraud cases.

The action of the House Judiciary Committee today in fixing a date for presentation of facts by Representative Kellar, Republican, Minnesota, who made the formal impeachment charge was described by President Gompers of the federation as meaning that Mr. Kellar would have to lay out the basis of his proof before the formal hearings are begun.

The Attorney General then, Mr. Gompers said, will be able to lay plans for his vindication "at leisure."

"Good Every Drop"

ALAGA SYRUP

The process we use in making ALAGA gives it a delightful flavor and quality that has no equal. Its food value cannot be surpassed.

Ask your grocer for ALAGA—the quality blended sugar-cane syrup. Healthful and Nutritious.

ALABAMA-GEORGIA SYRUP CO.

Montgomery, Ala. Jacksonville, Fla.

WE GIVE THANKS

For your patronage in the past which has enabled us to build up an organization which we believe has rendered good service to our city.

For your indulgence and patience when our organization has failed in some particular to meet the high standard of service our patrons have the right to expect of us.

For the good will and the many assurances of cooperation that have come to us as a result of our efforts to give Danville a good Street Car Service.

And—above all, for our opportunity to serve you and for our desire to overcome all obstacles that may hinder us in our efforts to be the kind of public service company that Danville should have.

Danville Traction & Power Co.

Rulers of Italy Celebrate Victory Over Austria

The anniversary of the victory of Italian arms was celebrated by the Fascist cabinet with ceremonies at the statue of Peace in Rome. Here is shown Mussolini (center) with his cabinet. General Diaz, Italy's leader in the World War and now minister of war, is shown on Mussolini's right.

Convention City By Farmers' Meet

LYNCHBURG, Va., Nov. 23.—Opposition to the merging of any great packing interest which would have a tendency to eliminate competition on the terminal markets for livestock and ship subsidy legislation, endorsement of the 18th amendment to the federal constitution and recommendation for an inheritance and gift tax law that would confiscate all of an estate in excess of a million dollars featured resolutions adopted by the Farmers Education and Co-operative Union of America in final session today.

Omaha was chosen as the 1923 convention city, after which the convention adjourned, many of the delegates leaving for their homes last night.

Opposition to light wines and beers, endorsement of Henry Ford's Muscle Shoals offer, demand for better rural credits and amendments to the United States constitution so as to provide for newly elected Congress to begin functioning immediately after election formed the substance of other resolutions adopted.

"Payment of any funds to any agents or employees of the Department of Agriculture or State Agricultural Colleges to devote any part of his time to the service of the American Farm Bureau Federation" is condemned and the free distribution of seeds is characterized as an insult "to the good sense of the American farmer."

The ship subsidy resolution reads as follows: "To hold that public subsidies for private business enterprises are inconsistent with legitimate government functions and, therefore, we are opposed to ship subsidies or to any other federal application designed to support failing private enterprises at the expense of the taxpayers."

The resolutions opposing light wines and beers declared that the movement "has for its object the ruin of the saloon and judges and enforcement officers were called upon to enforce the prohibition laws stringently."

TWO TREATIES WILL PROBABLY BE THE RESULT

LAUSANNE, Switzerland, Nov. 23.—(By The Associated Press.)—Two treaties will probably grow out of the Lausanne Near East conference if it has a successful outcome. One will be a treaty between Turkey and Greece, settling their boundaries and adjusting the problems which have arisen directly out of their conflict at arms; the other will probably be the revamped and revised treaty of Sevres, designed to put Turkey at peace with all the allied powers which were at arms against her in the World War.

The latter treaty will doubtless contain provisions for the regulation of the Turkish straits, and it is likely that the Russians will participate in framing it.

There occupied the attention of the conference until late tonight and will again be under discussion tomorrow. A sub-committee under the presidency of General Weyand, of France, is struggling with the question of Turkey's western boundary, the sub-committee on territorial and military questions having found it advisable to turn the matter over to experts for a report.

Joseph C. Grew, the American minister to Switzerland and former ambassador of the Paris embassy, are the American members of the sub-committee.

OFFICIALS ARE BUSY GETTING READY FOR MON.

SOMERVILLE, N. J., Nov. 23.—While the Somerville County grand jury hearing testimony in the Hall-Mills murder case took its week-end recess, official investigators busied themselves today with preparation of evidence for Monday's session.

The visit of a detective to Mrs. Jane Gibson, pig raiser, who claimed she was an eye-witness of the double shooting, strengthened reports that she would appear before the grand jury Monday morning. The sleuth's mission was not revealed.

Most of the work now facing the detectives, it became known will center in getting together evidence in which the state hopes to show Mrs. Hall knew of the relations between her husband and Mrs. Mills.

Buying Is Great American Game Not Baseball

BY J. C. ROYLE
(Copyright, 1922, by The Register)
NEW YORK, Nov. 23.—Buying, not baseball or poker, is the great American game, and merchants in market centers declared today that buyers in the large cities were outplaying a good hand while those of the rural districts were playing a poor hand well. As a result business conditions in the cities are somewhat spotty.

High wages and universal employment have not led to a repetition of the extravagant buying of 1919. Merchants declared, but they have encouraged unbalanced buying in certain lines. Goods with a spectacular appeal have taken precedence in many instances over the stable articles, and the problem facing retailers is not whether customers have money to spend, but whether they know how to spend it so that they can continue to be customers.

There undoubtedly is a tendency on the part of some shoppers to buy for show rather than use. This is shown by the fact that while high priced suits and overcoats are in demand low priced shirts and underwear are being bought by the same customers. Another evidence of the tendency is seen in the call for the speed of chiffon hose. A saleswoman in a local department store outlined the wearing qualities of these goods to a customer today when she said: "It's all a matter of luck. You may be able to wear a pair of these hose \$5 a pair or they may last you two weeks."

As a consequence of this trend business in some of the more staple lines are slack in varieties but merchants are confident they will combat this as the season goes on. They declare that the sight of shop girls wading through snow banks in red velvet pumps and transparent stockings will bring a return to common sense.

Farmers, on the contrary, have paid their debts and while they have not had an extraordinary amount of money to spend they have bought carefully and consistently and are expected to do so throughout the winter. It is estimated that if prices for farm products suffer no further decreases the agriculturists will have approximately \$2,000,000,000 more to spend from the returns on this year's crops. The additional buying power is expected by merchants to be evenly distributed throughout the winter and spring and will be expended in farm machinery, seeds, fertilizer, stock, labor-saving devices and household goods as well as clothing and other commodities.

There is a well-defined impression among Buick automobile dealers throughout the country that prices for Buick cars will be advanced \$100 to \$150, according to the models involved, at or immediately after the New York automobile show. Packard, Chevrolet and Dodge dealers have experienced unusual sales as the Buick company, and each of those factories is producing at a high rate of production. Chevrolet is approaching an output of 1,250 cars a day. Packard is turning out 2,000 cars a month, and Dodge Brothers are finishing 600 a day.

All these companies will store large numbers of cars for spring. It is asserted from factory headquarters, in the belief that demand will be undiminished and raw materials will not be so scarce.

Another step in the program to make the Ford company as near independent of outside producers as possible has been taken in the opening of a paper plant at River Rouge, Mich. The new plant will produce a body plant to turn out such paper as is needed by the Ford company.

DEFENSE RESTS IN MOB CASE

LOUISA, Va., Nov. 23.—The defense rested late today in the trial of Booker Parrish, E. L. Ingram, T. C. Gammon, W. S. Goodwin, white and James and Jess West, colored, charged with firing shots into the home of the Rev. J. B. Griffin at Pendleton last June and his wife. The jury returned a verdict following argument of counsel and the instructions of the court.

The feature of the case today was the testimony of Mrs. Theresa Thomas, a Richmond woman, who was a witness for the defense and who was arrested in Richmond several days ago after she had failed to respond to a subpoena.

Mrs. Thomas testified that she was with Mrs. Herbert Buckley and was present at the attack which was made on Buckley, declaring that it was before midnight on June 8.

Testimony today tended to show that the minister was at a Masonic lodge on the night of the shooting, the slaying of Buckley and did not return to his home until after midnight. It was several days after the attack on Herbert Buckley that a party of men fired into the minister's home at Pendleton.

A defense witness testified that at a church meeting on June 8, there was some discussion relative to Buckley and his alleged misconduct. Such witnesses denied this as untrue.

Clerks Unable To Maintain a Proper Standard

CHICAGO, Nov. 23.—(By The Associated Press.)—Railroad clerks, freight handlers and station employees are unable to maintain any proper standard of living, E. H. Fitzgerald, president of the Brotherhood of Railroad and Station Clerks, Freight Handlers and Express and Station Employees, told members of the United States Railroad Labor Board today in the hearing of the application of that organization against forty-one railroads for an increase in rates of pay.

He based this assertion on the budget compiled in 1923 by the United States Bureau of Labor statistics which placed the minimum for a family of five at \$1,558.88 a year. This, he said, establishes a minimum living wage.

The average yearly wages now of the three classes of railway clerks is \$1,397.76, or \$559.12 less than the budget cost of living, he said.

The increase of approximately 20 per cent. granted in 1920 virtually has been wiped out by the reductions of July, 1922, and July, 1922, he argued.

Railroad managements, he declared, are concealing a large part of their net earnings, while protesting against granting their men wages sufficient to maintain a minimum standard of living.

"Forty-eight representative railroads have managed to hang on to profits by putting their hands in equipment, track ballasting and other improvements of a permanent character. During the first seven months of 1922, fifty American railroads spent more than \$100,000,000 in over-maintenance," he said. The presentation of the employees' argument continued throughout the day of the hearing, and it is expected to consume tomorrow or three days.

WOMAN SCALDED IN RAIL WRECK

RALEIGH, N. C., Nov. 23.—Mrs. Annie Ennis of Soda Point, N. Y., in a critical condition in a hospital here tonight as the result of a scalding she suffered today when the Seaboard Air Line's Florida Limited and extra freight train collided head-on near Norlina, N. C.

Mrs. Ennis was enroute from her home to Gulf Port, Fla., and was riding in the day coach. Physicians say more than two-thirds of her skin was scalded and burned.

Seven others who were less seriously injured are reported to be recovering.

PARIS, Nov. 23.—(By The Associated Press.)—The forty-third session of the Senate voted today 16 to 15 in favor of fixing the period of active service in the army at 18 months as provided in the bill which has already passed the Chamber Deputies.

Blackheaded Pimples Quit With S. S. S.

Why? Pimple-Poison Goes When Red-Blood-Cells Increase! S. S. S. Builds These Red-Blood-Cells.

You can be sure of this, nature has no substitute for red-blood-cells. Pimple-poison can't live in the red-rich blood as long as there are enough red-blood-cells in it. More red-blood-cells!

That is what you need when you see pimples staring at you in the mirror. Black-headed pimples, pimples, pimples, worse than you can find anywhere under the sun—you'll find only one answer, more cell-power in your blood. The tremendous results produced by an increase in red-blood-cells is one of the A. B. C.'s of medical science. Red-cells mean clear pure rich blood. They mean clear, radiant, lovable complexion. They mean more power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from the blackhead prur, from boils, from sores and skin eruptions, from rheumatism, from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. S. has been known since 1828 as one of the greatest blood-builders, blood-purifiers and searers, strengthening and nourishing the blood. The larger size bottle is the more economical.

S. S. S. makes you feel like yourself again

OCT. EXPORTS LARGEST SINCE MARCH, 1921

WASHINGTON, Nov. 23.—Exports during October amounted to \$232,000,000, more than for any month since March, 1921, when the total was \$387,000,000, according to foreign trade reports issued today by the Commerce Department.

The compilation of figures for imports of merchandise under the new tariff law, from September 22 to October 31, the department stated, had been much delayed on account of the many and complicated changes in classification and rates of duties and imports will be published as soon as the reports are completed.

For the ten months ended with October, exports totalled \$2,109,000,000, as compared with \$3,885,000,000 for the same period of 1921.

Imports of gold during October aggregated \$21,000, compared with \$47,000,000 in October a year ago, while for the ten months ended with October the total was \$230,000,000, compared with \$268,000,000 during the corresponding months a year ago.

Exports of gold during the month aggregated \$18,000,000, as compared with \$1,000,000 in September, were the greatest for any month since November, 1920. Gold exports for the ten months period aggregated \$31,000,000, against \$21,000,000 a year ago.

Imports of silver during October were \$4,000,000, as compared with \$1,000,000 in October a year ago, while for the ten months silver imports totalled \$57,000,000, against \$52,000,000 last year.

Silver exports for the month were \$3,000,000, against \$3,000,000, and for the ten months \$49,000,000, compared with \$46,000,000 a year ago.

The Society of Daughters of the American Revolution was organized in 1890.

WILL REPEAL LAW

PITTSBURGH, Kansas, Nov. 23.—With the favor of the legislature, I will repeal the industrial court law, Jonathan Davis, governor elect of Kansas, said in a speech here today.

Speaks Highly of This Home Made Cough Remedy

Says It Acts With Unusual Speed—Loosens the Mucus—Relieves the Irritation and Stops the Cough.

Costs Next To Nothing—for a Big Supply.

Whenever anyone in my family catches cold and begins to cough and sneeze, and hawk and breathe heavy, it doesn't take me many minutes to get up a remedy that will drive away all such trouble in double quick time. It's no secret—anyone can make a half pint of the finest cough medicine in the world for a trifling sum. Get from any druggist one ounce of Peppermint (double strength)—to this add a little granulated sugar and enough water to make one half pint—that's all there is to it. But now you've got a real medicine—mind you—the first spoonful you take acts directly on the membrane of the throat and nose, the tickling ceases almost instantly—the inflammation begins to disappear—up comes the stubborn mucus and often in 24 hours every trace of the cough that frightened you is gone. It's really remarkable how this home-made remedy acts on the mucous membrane and that is one reason it is so helpful to thousands of cough sufferers—adv.

ANNOUNCEMENTS

HERE IS A QUESTION
you may ask yourself. What good it is to you to do sanitary housekeeping in every other respect and eat impure meat?

For this reason you should eat Ashworth's meats and be sure of sanitation. Good health requires sanitation. For this reason Ashworth installed a sanitary market for the benefit of the friends and customers of Danville, and will sell meat just as reasonable as ever.

Ashworth's Market has a thoroughly experienced meat buyer who takes the same care in selecting meats for the market that he does for his own home and makes the same careful selections for your order.

We do only retail business and are fully equipped to serve you promptly. Just a phone call and your order is filled with personal care and placed at your door. Phone 2084 for your meats. R. L. Ashworth's Market, first to right, City Market.

NOTICE TO THE PUBLIC—I am pleased to announce to my friends and the public generally that I have bought half interest in the clothing firm of W. E. Jefferson Co., at 117 Market St., where I will be glad to have them call and see me. We have a new and complete stock of men's and boys' clothing and furnishings. Prices reasonable. "ORDER PUBLICATION"
Issued by order of the Clerk of the Corporation Court of Danville, entered on the 2nd day of November, 1922.

VIRGINIA:
In the Clerk's Office of the Corporation Court of Danville, on the 2nd day of November, 1922,
Lillie P. Hartman Plaintiff
against
J. W. Hartman Defendant
IN CHANCERY.

The object of this suit is to obtain from the said court a decree directing the plaintiff, Lillie P. Hartman, a vinculo matrimonii from the said defendant, J. W. Hartman, upon the grounds of abandonment, neglect, desertion and non-support.

And an affidavit having been made and duly filed that the said defendant, J. W. Hartman, is a non-resident of the State of Virginia it is therefore ordered that he do appear here with ten days after due publication of this order once a week for four successive weeks in The Bee a newspaper published in the City of Danville, Virginia, and do what is necessary to protect his interest in this suit.

A Copy Teste:
JNO. R. COOK, Clerk.
B. H. Custer, F. C.

COAL AND COKE
MINNEAPOLIS, Nov. 23.—North Dakota lignite mines are offering 100,000 tons a week in this section at \$3 a ton at the mine. Nowhere else supply is so short and the heavy demand is expected to be far heavier than ever before.

PITTSBURGH, Nov. 23.—Coke production is excessive today and coal is being diverted from the coke ovens to other channels.

NOTICE
To my friends and customers: I wish to extend my thanks to my customers for their courteous attention while in the retail business at 625 N. Main St. I recently sold out my business to J. W. Pops, of Winston-Salem, and I desire to return in business hope to serve you all again.
J. W. ELLIS & SON.
P. S.—I have two nice ponies for sale, call 1849-W.

IN THE DISTRICT COURT OF
THE UNITED STATES for the Western District of Virginia, in the matter of M. B. Ramos, Jr., Bankrupt, R. M.
